ABOUT ME

I am a self-motivated, devoted, resourceful, flexible and open minded Designer who is able to work in complex projects and settings with an admirable capacity to draft and design detailed drawings either on paper or computer and build the designs that will complete the requirements of clients.

I specialize in creating immersive experiential environments, including events, trade show, exhibits stands, interior spaces, outdoor advertising innovations, production design for television and temporary/pop-up structures. My focus is to collaborate with companies who want to have a purposeful and insightful design strategy behind their branded experiences. My goal is to accomplish maximum impact through the intelligent use of technology, architecture, art and design.
